

World's most versatile commercial detachable¹

Latitude 7350 Detachable

Intel® Core™ Ultra processor

Most secure², intelligent³ and manageable⁴ commercial PC

World's most versatile commercial Detachable¹

Use your device as either a tablet or a laptop with the addition of the optional Latitude 7350 Detachable Collaboration Keyboard.

Customized ecosystem to enhance your experience

In addition to the Latitude 7350 Detachable Collaboration Keyboard, opt for the below accessories specifically designed for the Latitude 7350 Detachable:

- Dell Latitude 7350 Detachable Active Pen
- Dell EcoLoop Protective Case for Latitude 7350 Detachable

Advanced thermal solutions

Enjoy laptop-level performance and keep your device running smoothly, wherever you work, thanks to:

- Dual fans with 30% thinner blades that move more air throughout your PC.²
- Additional intake vents underneath the kickstand maximize air flow when your kickstand is open
- A vapor chamber³ pulls heat away from the processor in multiple directions.
- Intelligent thermal modes that ensure your device runs up to 51% faster in laptop mode, 37% quieter in tablet mode, and up to 5C cooler in tablet mode.⁴

World's most collaborative commercial Detachable⁵**Best user-facing camera with 8MP resolution & HDR technology amongst other Detachables⁶**

HDR technology accurately captures image detail in challenging lighting conditions.

World's first commercial Detachable with a Collaboration Touchpad⁷

The optional Collaboration Touchpad puts critical Microsoft Teams and Zoom⁸ conferencing controls at your fingertips.

Crisp audio

Hear conference calls loud and clear with front-facing speakers.

World's most serviceable commercial Detachable¹

Inspired by Dell's vision for circular design, the Latitude 7350 Detachable features easy-to-remove pop-openable displays, removable batteries, as well as upgradable WWAN & SSDs, making serviceability easy and fast.

Intentionally designed to lower environmental impact:

- World's first premium commercial PC to use 50% recycled cobalt in its battery.⁹
- Meets the highest environmental standards for energy efficiency and climate impact.¹⁰

World's most durable commercial Detachable¹

Passes MIL-STD 810H tests for military-grade durability. With durable and scratch-resistant Corning® Gorilla® Glass Victus®, your device's display is protected from accidental drops with the toughest Gorilla Glass yet.

World's most secure commercial Detachable¹

- Offers off-host BIOS verification and Indicators of Attack to reduce exposure to future threats
- Integrates PC telemetry with industry-leading software to improve fleet-wide security
- Secured Component Verification, offered only by Dell, helps ensure PCs are secure from factory to first boot
- Securely sign into your PC, process digital transactions, exchange digital content and more with options for fingerprint readers, smartcard reader, and Near Field Communications (NFC) chip.

AI-enhanced performance and efficiency

Unlock AI-enhanced performance and efficiency with Intel® Core™ Ultra processors and Copilot in Windows 11.

Intel® Core™ Ultra processor

The new Intel® Core™ Ultra processor combined with Intel vPro® delivers a secure hardware platform with premium performance and optimized power efficiency, ready to handle the next generation of AI workloads and the versatile management options that businesses require to stay ahead of the game.

Enjoy the next generation of performance hybrid architecture for supercharged computing with a battery that lasts thanks to a three tier multi-processing unit. Business users can manage complex workloads by sending the right task to the right engine at the right time with a CPU for lightweight low-latency AI tasks, GPU¹ for media and visual AI rendering, and NPU, a dedicated AI engine, for sustained AI and AI offload.

AI-enhanced apps

Apps optimized for NPU run faster and smoother, delivering more battery life.

Collaboration: Use up to 38% less power when utilizing AI-enhanced collaboration tools during Zoom calls.²

Creativity: 132% faster performance when running on-device AI photo editing on Adobe.³

Security: Detect malware with less than 1% CPU utilization using CrowdStrike.⁴

Copilot in Windows 11

Effortlessly jumpstart your workflow with the Copilot Hardware Key on your device, saving you time by providing quick access to the tools you need to start your workday.

Copilot in Windows⁵ is your AI assistant at work. Supercharge your productivity and achieve more with less time and effort, while keeping sources private and protected. Copilot brings intelligent tools to your desktop so you can get better answers, sharpen skills, find fresh solutions, and create in new ways.

Sustainable innovation

Built with sustainable materials

The Latitude 7350 Detachable contains 22% recycled content by weight¹ and is designed with a range of sustainable materials such as recycled and low emissions aluminum, recycled magnesium, post-consumer recycled plastic and recycled cobalt.²

This laptop ships with an adapter designed with 95% post-consumer recycled plastic in the case and 98% recycled aluminum in the thermal shield.³

Low-impact packaging

The Latitude 7350 detachable ships in packaging made with 100% recycled or renewable content that is 100% recyclable.⁴

Responsible IT asset retirement

Dell APEX offerings and Asset Recovery Services make it easier for our customers to modernize responsibly, and reduce over-provisioning and e-waste, on schedule and within budget.

Dell makes it easy to access and replace parts to get the most life out of our products.

[Learn More >](#)

Environmental Certifications & Registrations

Meeting environmental standards demonstrates how our products adhere to energy-efficiency specifications and other extensive climate-related standards. This laptop is Certified ENERGY STAR[®] 8.0, TCO certified, generation 9 and EPEAT gold registered with Climate+ designation.⁵

Dell Optimizer

We make it intelligent. You make it yours.

Powering the world's most intelligent commercial PCs¹ with AI-based optimization software that learns and responds to the way you work.

Up-level audio for a better collaboration experience

Intelligent Audio delivers sound and mic enhancements so you can fully engage in meetings with confidence. Reduce the background noise of conference call participants with neural noise cancellation. Voice quality monitoring checks your voice and notifies you if the quality is poor.

2x

Faster network performance²

Network Optimization enables clearer, more productive conference calls with enhanced connectivity and bandwidth. The world's first simultaneous multi-network connection provides faster data and video downloads³ while joining the best network⁴ available.

Work smarter with an intelligent ecosystem

Enjoy easy pairing and management of your Dell monitors and accessories with the integration of Dell Display Manager and Dell Peripheral Manager.

Intelligent privacy anywhere

Get to work faster and keep your sensitive data private with our Presence Detection technology - which wakes your PC when you approach and locks it when you walk away.

Get up to 18% in power savings⁵

Save energy without sacrificing performance for ultimate efficiency with Power Optimization. Achieve power savings when you set your PC to Quiet Mode on your thermal management settings — giving you up to 2.4 watts of power savings compared to default mode.⁵

Up-level your PC experience with Dell Displays and Accessories

Designed and tested to work Better Together

As the world's #1 monitor company¹, Dell knows that modern workplace requires more than PCs. We offer 200+ branded accessories to keep you connected and collaborative no matter your work style.

CUSTOM

A Latitude 7350 Detachable Collaboration Keyboard

Optional magnetic travel keyboard with built-in collaboration icons in touchpad, attaches at the base and transforms your tablet to a powerful laptop experience.

B Latitude 7350 Detachable Active Pen - PN7350A

Securely store the magnetic pen in the keyboard garage where it will fully charge to a 100% in a quick 30 seconds.²

C Dell EcoLoop Protective Case for Latitude 7350 Detachable

Lightweight and durable case with corner bumpers, built-in kickstand, elastic pen holder, comfortable hand strap, and detachable shoulder strap. Made with a total of 49% recycled content by weight.³

Simplify IT

Our most secure¹ and most manageable⁶ offerings make IT management a breeze

SECURITY

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#)

Dell offers the industry's most secure commercial PCs¹ with protections competitors cannot match:

Be secure from first boot

Rigorous, state-of-the-art supply chain controls and Dell-unique Secured Component Verification reduce the risk of product tampering.

Spot ticking timebombs

Early-alert feature Indicators of Attack, offered [only by Dell](#), scans for behavior-based threats.

Stay protected from evolving threats

Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. The latest Intel vPro[®]-based PCs provide an estimated 70% attack surface reduction.⁴

Layer on advanced threat protection with software from our ecosystem of best-of-breed partners.

Only Dell integrates device telemetry with industry-leading software to improve fleet-wide security.

[Learn More >](#)

MANAGEABILITY

Manage your fleet of PCs - reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#)

[Dell Trusted Update Experience](#) makes it simple to update endpoints, packing the latest BIOS, driver, and firmware versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline.

Performs³ integrated validation of all driver and BIOS modules in an update:

IT Admins can expect a trusted, system compatible update deployment, across a fleet of devices.

[Learn More >](#)

Dell has the industry's first:⁵

- Binary Large Object (BLOB) package-based solution using Microsoft Intune
- Systems Management Solution to integrate with Workspace ONE
- Hardware OEM systems management solution to integrate with Intel vPro[®]

Legacy, scale and innovation

Dell Technologies is your trusted partner for the future of work

Dell Technologies APEX

1st

and most comprehensive¹
As-a-service portfolio that spans
from multi-cloud to client devices.

Experience the flexibility to
transform your IT and deploy the
latest technologies at predictable
costs.

Dell APEX PC-as-a-Service

Fully customizable subscription
covers everything - devices,
software and services; available
from one-to-five-year terms.

Dell APEX Managed Device Service

Fully managed, subscription
with a team of IT experts to keep
business devices up-to-date
and secure; and no year-long
commitment (US only).

Leading the industry in sustainable practices to reduce the environmental impact of our products and packaging.

Learn more: Dell.com/sustainable-devices

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Latitude 7350 Detachable	
SUSTAINABLE MATERIALS ¹	<p>Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chasses</p> <p>Closed loop ITE derived plastic-NA Post-consumer recycled plastic²: speaker housing 30%, battery frame 90%, keyboard scissors 80%, keycaps 75%, membrane 80%, keyboard backlit masking</p>	<p>Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the PC design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the PC design.</p>
	<p>Post-consumer recycled plastic (PCR) - power adapter⁷ (65-Watt): 95% in adapter case (100-Watt): 50% in adapter case</p>	<p>Recycling aluminum helps divert material from landfills, where it would otherwise contribute to the growing problem of waste disposal. Aluminum is durable and does not degrade during the recycling process, making it a material that can be recycled repeatedly.</p>
	<p>Recycled aluminum - power adapter⁷ (65-Watt): 98% recycled aluminum in thermal shielding</p>	<p>The combination of using low emissions aluminum which is aluminum derived from a hydropower source and recycled aluminum helps reduce the carbon footprint of the material by up to 90%¹²</p>
	<p>Recycled and low emissions aluminum³: Low emissions 75% recycled aluminum in the kickstand</p>	<p>Recycling magnesium helps conserve natural resources by reducing the demand for virgin magnesium extracted from minerals like dolomite or magnesite. The extraction and refinement of magnesium from its ore can be energy-intensive, making recycling magnesium a more sustainable option</p>
	<p>Recycled cobalt³: 50% in battery</p>	<p>Recycling copper helps preserve finite natural resources because it reduces the need for extensive mining and extraction of copper ore that is a more energy intensive process</p>
	<p>Recycled or renewable packaging materials⁸ 100% recycled or renewable and recyclable packaging</p>	<p>Majority of recycled cobalt used in PC batteries is sourced from the EV batteries and the remainder is sourced from consumer electronics. Virgin cobalt resources are fast depleting and using recycled cobalt helps build a circular economy. Using recycled cobalt is a less energy intensive process and produces lesser waste than mining virgin cobalt</p>
		<p>Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.</p>
ECO-LABELS ^{1, 9}	<p>EPEAT Climate+™ Yes</p>	<p>This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.</p>
	<p>EPEAT Gold</p>	<p>Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards. Product registry: https://www.epeat.net/</p>
	<p>TCO Certified, Gen 9 Yes</p>	<p>TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification. Product registry: https://tcocertified.com/product-finder/</p>
	<p>Energy Star 8.0 Yes</p>	<p>Energy Star 8.0 is a specification recognizing the most energy-efficient PC's, backed by Environmental Protection Agency (US).</p>
MULTI-PACK SHIPPING ¹	<p>Dell Multi-pack: 7350 7450</p>	<p>Dell Multi-pack offers a simpler, more efficient unboxing experience vs. single pack products, with less packaging waste and better pallet optimization for transportation.</p>
ASSET RECOVERY SERVICES ⁶	<p>Asset Recovery Services Yes</p>	<p>Asset Recovery Services helps our customers resell, recycle or return-to-lease legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.</p>
GLOBAL COMPLIANCE	<p>For global compliance to regulations worldwide please visit dell.com/support</p>	
REGULATORY ^{4,6}	<p>Product Safety, EMC and Environmental Datasheets Dell Regulatory Compliance Home Page Dell and the Environment</p>	

Dell Optimizer, our AI-based optimization software, learns and responds to the way you work providing improved application and device performance, clearer audio and more.

Learn more: Dell.com/Optimizer

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER	Latitude 7350 Detachable	
DELL OPTIMIZER	Power Optimization	Intelligent features to protect battery life and delivery energy savings. AI-based Dynamic Charge Policy adapts to usage behavior to apply optimal charge setting. Intelligent Battery Extender preserves runtime by making system adjustments when battery is low. Advanced Charge will charge battery before start of day and prevent overcharging. ExpressCharge will provide up to 90% charge in one hour. ¹⁰ Select lower energy-cost times of day to charge with Peak Shift. Thermal settings (optimized, cool, quiet, ultra performance) to balance PC performance and fan noise. Battery health report. Critical firmware alerts and notifications.
	Intelligent Audio	AI-based neural noise technology removes intrusive background sounds, echoes, and reverb caused by room acoustics from all ends of conference calls as well as mutes all background noises when no speech is detected. Will also provide automated tuning for optimized sound quality and on-screen notifications if voice quality drops in conference calls.
	Presence Detection	Sensors detect your presence, and onlookers, to conserve battery runtime and protect screen privacy. Wake on Approach awakens system and works with Windows Hello to sign you in, hands free. Look Away Dim darkens your screen and Walk Away lock turns off your display helping protect runtime and provide screen privacy. Keep Alive feature won't let your screen dim when you are still present but are not actively engaging with your PC. Onlooker Detection will alert you or obscure your screen to provide privacy.
	Network Optimization	Automatically switches to the best allowable Wi-Fi network when congestion is detected and uses multiple wired and wireless network connections to transfer data up to 2x faster and improve download speed. ¹¹ Allocates the maximum bandwidth to conference application when you are on a call.
	Intelligent Ecosystem	Convenient access to Dell Peripheral Manger and Dell Display Manager for customization settings and controls for your Dell Peripherals and your Dell Monitor.

Improve fleet-wide security with hardware and software protections from Dell Trusted Workspace.

Learn more: Dell.com/endpoint-security

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER	Latitude 7350 Detachable	
HARDWARE & FIRMWARE SECURITY (INCLUDED)	Dell Trusted Device Application	Generates insights into the security state of a platform, monitoring changes to BIOS attributes, detecting possible tampering of BIOS firmware, and more.
	Dell SafeBIOS	Verify the integrity of the BIOS with tamper detection and secure, off-host BIOS image capture.
	Dell SafeBIOS Indicators of Attack	Scan for behavior-based threats for early detection by enabling telemetry integration with popular third-party security and endpoint management solutions. Includes Microsoft Intune, Carbon Black Cloud, CrowdStrike, Splunk.
	Dell SafeBIOS Common Vulnerabilities & Exposures (CVE) Detection	Identify and address known BIOS vulnerabilities and provides recommendations how to fix them. *Available early 2024.
HARDWARE & FIRMWARE SECURITY (OPTIONAL)	Dell SafeID	Secure end-user credentials. This unique hardware-based security solution provides a hardened and secure bank for storing and processing user credentials. Dependent on model. Credential security options may include: <ul style="list-style-type: none"> Secure interaction with Imprivata for authenticating credentials on multi-user devices Finger Print Reader in Power Button tied to ControlVault 3.0+ ControlVault 3 Advanced Authentication with FIPS 140-2 Level 3 Certification Contacted Smart Card and ControlVault 3.0+ Contactless Smart Card, NFC, and ControlVault 3.0+ FIPS 201 Full Scan Finger Print Reader and ControlVault Trusted Platform Module (TPM) 2.0 discrete FIPS 140-2 certification for TPM
	Dell Secured Component Verification	Provides assurance that the device and its components remain secure from factory to first boot. On-device and cloud-based options available. Availability varies by region.
	Tamper-evident packaging	Detect tampering with this supply chain assurance offering. Availability varies by region.
	Hard drive wipes	Sanitize the hard drive in accordance with National Institute of Standards and Technology (NIST) guidelines with this supply chain assurance offering. Availability varies by region.
	Dell SafeShutter	Ensure user privacy with webcam shutter.
	Intel ME Verification	Verify the integrity of critical firmware using a secure off-host source. Requires Intel vPro.
	Chassis intrusion switch	Remotely detects hardware tampering and is integrated with Dell SafeBIOS Indicators of Attack.
	Wedge-shaped lock slot	Device locking option helps reduce the risk of a data breach. Standard slot that can be paired with a standard security cable lock. Spec varies by model: <ul style="list-style-type: none"> Dell Fixed Workstations (Desktops): Kensington Security Slot™ (T-bar) Dell Laptops: Kensington Security Slot™ (Wedge)
	Fingerprint reader	Fingerprint reader in Power button tied to ControlVault 3+ secures end-user credentials.
	OPAL drive / Self-encrypting drive (SED)	Hardware-based full disk encryption that protects user data without storing encryption keys in RAM where it can be accessed by malicious parties.
	SPI Flash Tamper Detection Circuit	Detects and prevents tampering with BIOS SPI flash chips on the motherboard.
	SOFTWARE SECURITY (OPTIONAL)	Dell SafeGuard & Response: CrowdStrike, Carbon Black, Secureworks
Dell SafeData: Absolute		Self-healing for applications and networks
Dell SafeData: Netskope		Cloud and network data protection
McAfee Business Protection		Simple, automated, all-in-one security made for small businesses

Securely manage & optimize your endpoints and deliver end-user productivity with Dell Manageability Solutions.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER	Latitude 7350 Detachable	
SUPPORT SERVICES (OPTIONAL) ^{5,6}	ProSupport for PCs	Hardware break/fix with next business day service, 24x7 in-region technical support on hardware and software issues. Includes access to SupportAssist for proactive issue resolution and AI-powered fleet insights.
	ProSupport Plus for PCs	Hardware break/fix with next business day service, 24x7 priority access to in-region technical support for hardware and software issues PLUS Accidental Damage coverage, Keep Your Hard Drive and a Service Account Manager (with 500 devices). Includes access to SupportAssist for proactive and predictive automations and AI-powered fleet insights.
	ProSupport Flex for PCs	Flexible options to supplement in-house IT (1,000 device requirement) - Change to: Hardware break/fix with next business day service, 24x7 in-region technical support on hardware and software issues and a Service Account Manager plus the OPTION to choose Accidental Damage coverage or Keep Your Hard Drive. Includes access to SupportAssist for proactive and predictive automations and AI-powered fleet insights.
DEPLOY SERVICES (OPTIONAL) ⁶	ProDeploy Flex for Client	ProDeploy Flex allows customers with specific deployment needs to mix and match standardized options to fit their needs.
	ProDeploy Essentials for Client	From initial PC setup and preparation to data transfer, whether remote or onsite, ProDeploy Essentials is geared toward limited interruption for the end user.
	ProDeploy for Client	ProDeploy partners with IT to apply common customization of hardware settings and software so systems meet IT specifications for security, software and network protocols.
	ProDeploy Plus for Client	With ProDeploy Plus, we bring it all together to take care of end-user needs and efficiently meet IT specifications while working with IT teams to plan, configure and deploy systems that are ready-to-work, using modern solutions.
	Asset Recovery Services	Securely and responsibly retire legacy IT equipment and unlock value to fund new innovation and help your business grow.
	Logistic Services	Warehouse your products at our facility for up to 180 days and take delivery on the day and time that best meets your needs. Schedule your IT resources to be in place when you need them – on the exact day the new systems arrive. Available in NA, EMEA and APJ.
	Configuration Services	Image Load, Asset Tag, BIOS Customization, HDD Partitioning, Software Installation, Laser Etch, Data Security.
MANAGE SERVICES (OPTIONAL) ⁶	Lifecycle Hub	Combines warehousing and inventory management with configuration services and deployment expertise into one end-to-end solution. With included return, repair, and refurbishing services, Dell Lifecycle Hub helps keep employees working, maximizes use of device inventory and frees up IT resources to focus on business priorities. Available in US, Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Poland, Portugal, Slovakia, Spain, Sweden, UK.
	Managed Detection and Response Pro Plus	A fully-managed, 360-degree security operations solution designed to prevent threats, quickly detect and contain attack attempts, and help recover your IT environment in the event of a breach.

5. Additional purchase required for Collaboration experiences. For more information visit here. Based on Dell analysis, October 2023.
6. Based on internal analysis, October 2023. Applicable to Windows devices only
7. Additional purchase required for Collaboration experiences. For more information visit here. Based on Dell analysis, October 2023.
8. Collaboration icons are only visible during Zoom or Microsoft Teams calls. Compatible video conferencing platforms are subject to change.
9. Applies to the Latitude 7350 Detachable and the Latitude 7350 that uses the 57Whr battery. Based on internal analysis, February 2024
10. Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net/> for registration status and tier levels

Page No 3

1. High-Efficiency Video Coding (HEVC) content playback on the system and on an external display as well as HEVC content streaming is supported on configurations with a discrete graphics card, built in 4K panel, Dolby Vision or CyberLink Blue-ray player; for other configurations HEVC content playback on the system will require a separate purchase and download of software HEVC codec or third-party media players.
2. Based on internal testing on generic devices, as measured by system on chip (SOC) package power during 1x1 Zoom call with background blur on NPU on Intel Core Ultra 7 165H processor comparing to 13th Gen Core i7 1370P processor. Learn more here: [Intel® Core™ Ultra Processors - 1 | Performance Index](#)
3. Based on internal testing on generic devices, as measured by an AI video editing workload using Adobe Premier Pro Beta on Intel Core Ultra 7 165H processor, comparing to 13th Gen Intel Core i7-1370P processor. Learn more here: [Intel® Core™ Ultra Processors - 1 | Performance Index](#)
4. <1% CPU usage when running on-device AI based security like CrowdStrike. Based on Intel and CrowdStrike testing. Results may vary. These results should not be taken with the understanding that the ratio of CPU usage, memory usage, or inference time between CPU only and CPU+NPU will remain the same with a different/smaller model – even one using the same neural architecture as the model under test. This is also not a general claim about the performance of other models on the NPU, even other CNNs. The result should only be taken as an understanding that, for this specific Convolutional Neural Network (CNN) model developed by CrowdStrike, a smaller distilled model of the same design would likely have an average inference time after the first of $\leq \sim 25\text{ms}$ and a CPU overhead $\leq \sim 1\%$. Note that featurization/tokenization were not measured as part of this test. The model was tested using the OpenVINO framework. Learn more here: <https://www.crowdstrike.com/blog/crowdstrike-and-intel-research-advance-endpoint-security/>
5. Timing of feature delivery and availability varies by market and device. Use Copilot with a Microsoft Account or use Copilot with commercial data protection at no additional cost by signing into a work or school account (Microsoft Entra ID) with Microsoft 365 E3, E5, F3, A3 or A5 for faculty, Business Premium, and Business Standard. Coming to more Entra ID users over time.

Page No 4

1. Applies to Product launched March 2024. Based on Dell internal analysis, November 2023. Latitude 7350 Detachable contains 90% recycled magnesium in body, low emissions 75% recycled aluminum in kickstand, 90% recycled plastic in battery frame and 30% recycled content in speakers.
2. Based on internal analysis, January 2024. Post-consumer recycled plastic speaker housing 30%, battery frame 90%, keyboard scissiors 80%, keycaps 75%, membrane 80%, keyboard backlit masking, 50% recycled cobalt in battery, 90% recycled magnesium in laptop lid, and 75% recycled aluminum and 25% low emissions aluminum in kickstand.
3. Based on internal analysis, February 2024
4. Contains 94.4% recycled content and 5.6% renewable materials. Renewable materials in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.
5. Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net/> for registration status and tier levels.

Page No 5

1. Based on Dell analysis, November 2023. Dell Optimizer not available in OptiPlex 3000 series, Latitude Chromebook Enterprise, and Linux-based devices. Feature availability and functionality may vary by model. For more details visit: <https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/technical-support/dell-optimizer-features-availability-matrix.pdf.external>
2. Based on A Principled Technologies Report commissioned by Dell that ran PC performance benchmarks on Dell Latitude 9430 laptops and OptiPlex 7400 all-in-one desktop PCs: Improve PC app performance, battery charging, and end-user experiences with Dell Optimizer, June 2023.
3. ExpressConnect available with Dell Optimizer software version 2.0 and onwards. Download the latest at <https://www.dell.com/support/home>. Simultaneous multi-network connection (or connection-based teaming) is a new connectivity feature under ExpressConnect. It simultaneously sends and receives data and video traffic using two or more wired or wireless connections. Based on Dell internal analysis, October 2021.
4. Best network selection based on signal strength, channel congestion, router type and others. Network suggestions based on user credentials.
5. This is based on a Dell internal study, testing power and performance within our Dell Optimizer power module. White paper published November 2022 <https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/industry-market/maximizing-power-efficiency-with-dell-optimizer-a-case-study.pdf>

1. Dell has the industry's most secure commercial PCs. (Claim Details: Cover page - #1)
2. Dell publishes a device drivers and downloads release schedule. Source: Source: Based on internal analysis, May 2023. When comparing publicly available device drivers and downloads release schedules published by the Top 5 PC vendors, as of May 2023.
3. Dell performs integrated validation of all driver and BIOS modules in an update. Source: Based on Dell internal analysis, May 2023, of integrated validation approaches of Top 5 PC vendors, for driver and BIOS modules in an update, by currently shipping and future-state product system images.
4. Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. Details: The latest Intel vPro based PCs provide an estimated 70% attack surface reduction compared to four-year-old devices. Based on IOActive's "Intel vPro 13th Gen Attack Surface Study" published March 2023 (commissioned by Intel), which evaluates Intel vPro devices powered by 13th Gen Intel Core processors against four-year-old Intel-based PCs on Windows OS. Details at www.intel.com/performance-vpro. Results may vary.
5. Most Manageable Commercial PC. Based on Dell internal analysis, January 2024. Details: Most manageable commercial PC when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solution capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solutions - Microsoft Intune, Workspace ONE, are separate purchases. Intel vPro, to support out-of-band systems management, is an additional system configuration upgrade; and Dell has the industry's first:
 - a. Dell Command | Endpoint Configure for Microsoft Intune - the industry's first Binary Large Object (BLOB) package-based solution, for securely configuring & managing endpoints, using Microsoft Intune. Disclaimer: Industry's first device manageability solution to use a Binary Large Object (BLOB) package, recognized by Microsoft Intune, for secure endpoint configuration and management
 - b. Dell Client Command Suite – the industry's first Systems Management Solution to integrate with VMWare Workspace ONE, for secure BIOS, firmware, OS and update management of PCs, from the cloud. Disclaimer: Based on Dell internal analysis, July 2023
 - c. Dell Command | Intel vPro Out of Band – the industry's first hardware OEM systems management solution to integrate with Intel vPro - for remote management of systems, regardless of power-state. Disclaimer: Based on Dell internal analysis, November 2023

1. Dell Technologies APEX offers the 1st and most comprehensive As-a-service portfolio that spans from multi-cloud to client devices. Source: Based on Dell internal analysis, April 2023. Payment solutions provided to qualified commercial customers by Dell Financial Services through Dell Technologies group companies or authorized business partners. Solutions may be changed without notice and are subject to product availability, eligibility, credit approval, acceptable documentation and local applicable law. Some solutions, including end of term purchase options, may not be available or may vary by country. Within the EU, the EEA, the UK and Switzerland certain solutions are provided by Dell Bank International d.a.c. and its local branches, including by Dell Bank International d.a.c Sucursal en España in Spain. Dell Bank International d.a.c. is regulated by the Central Bank of Ireland. Dell Technologies and Dell logos are trademarks of Dell Inc.
2. Dell Technologies processes 36TB of telemetry data per day. Source: Based on Dell internal analysis, November 2023.
3. ProDeploy Client Suite for PCs configures 30K PC daily. Source: Based on Dell internal analysis, April 2023.
4. ProSupport Suite for PCs saves 641 hours of IT admin time per year* (on recurring tasks for a 1,000-device fleet. *vs. a manual approach based on data extrapolated from hands-on testing). Source: Based on a Principled Technologies test report, "Simplify PC management and save IT admin time with an automated support service," dated September 2023. Testing commissioned by Dell, conducted in the United States. Actual results will vary. Full report: <https://facts.pt/PELu7lm>
5. Dell Premier offers up to 297% ROI, or return on investment, over a span of 4 years. Source: Based on a Forrester Total Economic Impact™ Study Commissioned by Dell Technologies and Intel, "The Total Economic Impact™ Of Dell Premier Solutions", August 2021. These findings were aggregated into a 15,000-employee composite organization to create a four-year financial model that calculates the likely ROI a company should expect by adopting Dell Premier. Actual results may vary. Full study <https://tools.totaleconomicimpact.com/go/dell/premiersolutions/>
6. Dell Technologies has recovered 2.6 billion pounds of electronics since 2007. Source: Based on Dell internal analysis of publicly available data, April 2023.

Page No 9 & 10

1. Offering may vary by country and by configuration and Operating System
2. Intel® Arc™ graphics - only available on selected Intel® Core™ Ultra 1xxH (H-series processors), powered systems with at least 16GB of system memory in dual channel configuration (2x8GB). Intel® graphics – used on Intel® Core™ Ultra 1xxU processors (U-series processors).
3. GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
4. Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty
5.
 - a. Dependent on model, uses Dell ControlVault Dedicated FIPS Level 3 security chip or Dell-unique FIPS 140-2 Trusted Platform Module to secure end user credentials.
 - b. Offer varies by region.
 - c. Requires Dell Trusted Device software.
6. The stated Watt Hour (Whr) is not an indication of battery life. Express Charge 1.0 (EC1.0) enables quick battery charging to 80% capacity in 60 min or 100% capacity in 120min. Express Charge 2.0 (EC2.0) enables quick battery charging to 80% capacity in 35min. Express Charge Boost (ECB) enables quick battery charging to 35% capacity in 20min. Charging patterns for EC1.0, EC2.0 and ECB are measured for the system in the shutdown state. Long life cycle battery has the charging pattern to enable longer life. Long-life cycle battery is capable of 3 years life, or 1000 discharge/charge cycles and Dell provides 3 years limited hardware warranty for this battery.
7. Requires Wyse Management Suite Pro. Requires Dell ThinOS (2303 or above) activation license with Wyse Management Suite Pro and Dell ProSupport for Software seat license sold separately. The Latitude All-in-One systems need to be configured with 8 GB Memory, 128 GB or higher capacity SSD/HDD and Ubuntu Linux with Dell Client Agent Enabler (DCA-Enabler). For more details, refer to the Dell ThinOS Installation and ThinOS Activation License User Guide on www.dell.com/support
8. Wi-Fi7/6e which has the 6GHz band requires Windows 11 Operating system and compatible router. Router requires a separate purchase. WiFi 7/6E (6GHz) connectivity is only available in select locations. Check availability with your service provider. The Wi-Fi 7 card will operate on Wi-Fi 6E/6 speeds when Wi-Fi 7 is unavailable. Drivers for Wi-Fi 7 will be available mid-2024 (Win11 24H2 update). Dates are subject to change without notice. Ubuntu OS will not support Wi-Fi7 and will operate on WiFi 6/6E speeds when configured for WiFi7. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
9. Latitude product is BFR/PVC free, accessories like adapters and cables may not be BFR/PVC free. Dell is meeting the definition of BFR-/CFR/PVC-free as set forth in the iNEMI Position Statement on the 'Definition of Low-Halogen Electronics (BFR-/CFR-/PVC-free)'. Plastic parts contain less than 1,000 ppm (0.1%) of bromine (if the Br source is from BFRs) and less than 1,000 ppm (0.1%) of chlorine (if the Cl source is from CFRs or PVC or PVC copolymers). All printed circuit board (PCB) and substrate laminates contain bromine/chlorine total less than 1,500 ppm (0.15%) with a maximum chlorine of 900 ppm (0.09%) and maximum bromine being 900 ppm (0.09%).
10. Mobile Broadband antenna and module (for 2-in-1 devices) available only at time of system purchase. Mobile Broadband subject to service provider's broadband subscription and coverage area; additional charges apply. eSim technology subject to regional carrier/service provider availability & service provider's data plan subscription; additional charges apply. Check availability with your service provider.
11. Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
12. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicesdescriptions.
13. Significant system memory may be used to support graphics, depending on system memory size and other factors.
14. Miracast Wireless Technology: Requires a compatible media adapter (sold separately and can be integrated into the display) and an HDMI-enabled display.
15. Weights vary depending on configuration and manufacturing variability.
16. Available in US only
17. High-Efficiency Video Coding (HEVC) content playback on the system and on an external display as well as HEVC content streaming is supported on configurations with a discrete graphics card, built in 4K panel, Dolby Vision or CyberLink Blue-ray player; for other configurations HEVC content playback on the system will require a separate purchase and download of software HEVC codec or third-party media players.

Page No 11-15

1. Not all technical specifications available per system configuration. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Owner's Manual published on www.dell.com/support.
2. Based on internal analysis, January 2024. Post-consumer recycled plastic speaker housing 30%, battery frame 90%, keyboard scissors 80%, keycaps 75%, membrane 80%, keyboard backlit masking, 50% recycled cobalt in battery, 90% recycled magnesium in laptop lid, and 75% recycled aluminum and 25% low emissions aluminum in kickstand.
3. Applies to Product launched March 2024. Based on Dell internal analysis, November 2023. Latitude 7350 Detachable contains 90% recycled magnesium in body, low emissions 75% recycled aluminum in kickstand, 90% recycled plastic in battery frame and 30% recycled content in speakers.
4. Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
5. On-site service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
6. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
7. Based on internal analysis, February 2024
8. Contains 94.4% recycled content and 5.6% renewable materials. Renewable materials in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.
9. Based on internal analysis, January 2024. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net/> for registration status and tier levels.
10. Based on A Principled Technologies Report commissioned by Dell that ran PC performance benchmarks on Dell Latitude 9430 laptops and OptiPlex 7400 all-in-one desktop PCs: Improve PC app performance, battery charging, and end-user experiences with Dell Optimizer, June 2023
11. Based on A Principled Technologies Report commissioned by Dell that ran PC performance benchmarks on Dell Latitude 9430 laptops and OptiPlex 7400 all-in-one desktop PCs: Improve PC app performance, battery charging, and end-user experiences with Dell Optimizer, June 2022
12. Based on internal analysis, February 2024.
