DATALOCKER
ALPHACAM H

DATALOCKER® SIMPLY SECURE

TAA Compliant Full HD Webcam

ALPHACAM H IS AN EASY TO USE HD WEBCAM

Optimized for a wide range of uses in federal agencies, government, and business environments, this full HD 1080p webcam is TAA Compliant. The AlphaCam H allows you to be there virtually when you can't meet in person. With 1080p resolution, 30 fps frame rate, and 74° field of view - this full HD webcam delivers crisp video and clear audio for the best video conferencing experience available. An external privacy shutter is built-in to provide the option of turning off the video while still utilizing full audio communication.

TAA COMPLIANT

Using a webcam that is not TAA compliant can dramatically increase you and your agency's vulnerability to security breaches. DataLocker's AlphaCam is the only TAA Compliant webcam on the market - don't let your camera or microphone be the open door to a breach or leak of sensitive data. Let DataLocker help you protect your agency from unwanted intrusion.

UNIVERSAL MOUNTING CLIP

Use the webcam your way with any style computer: laptop, desktop, monitor or mount on a tabletop or tripod (tripod not included).
