ACCESSORIES

Swan 2 anticipates all possible needs that business operations may require, and offers an extensive range of features to thrive in different business environments.

NFC Module

Enhance convenience and security with NFC module support for swift, contactless payments.

AI Camera

Streamline weight-pricing activities with AI precision for faster, error-free transactions.

NFC Module + Scanner

Combine the power of NFC and a built-in scanner for seamless contactless payments and rapid barcode scanning.

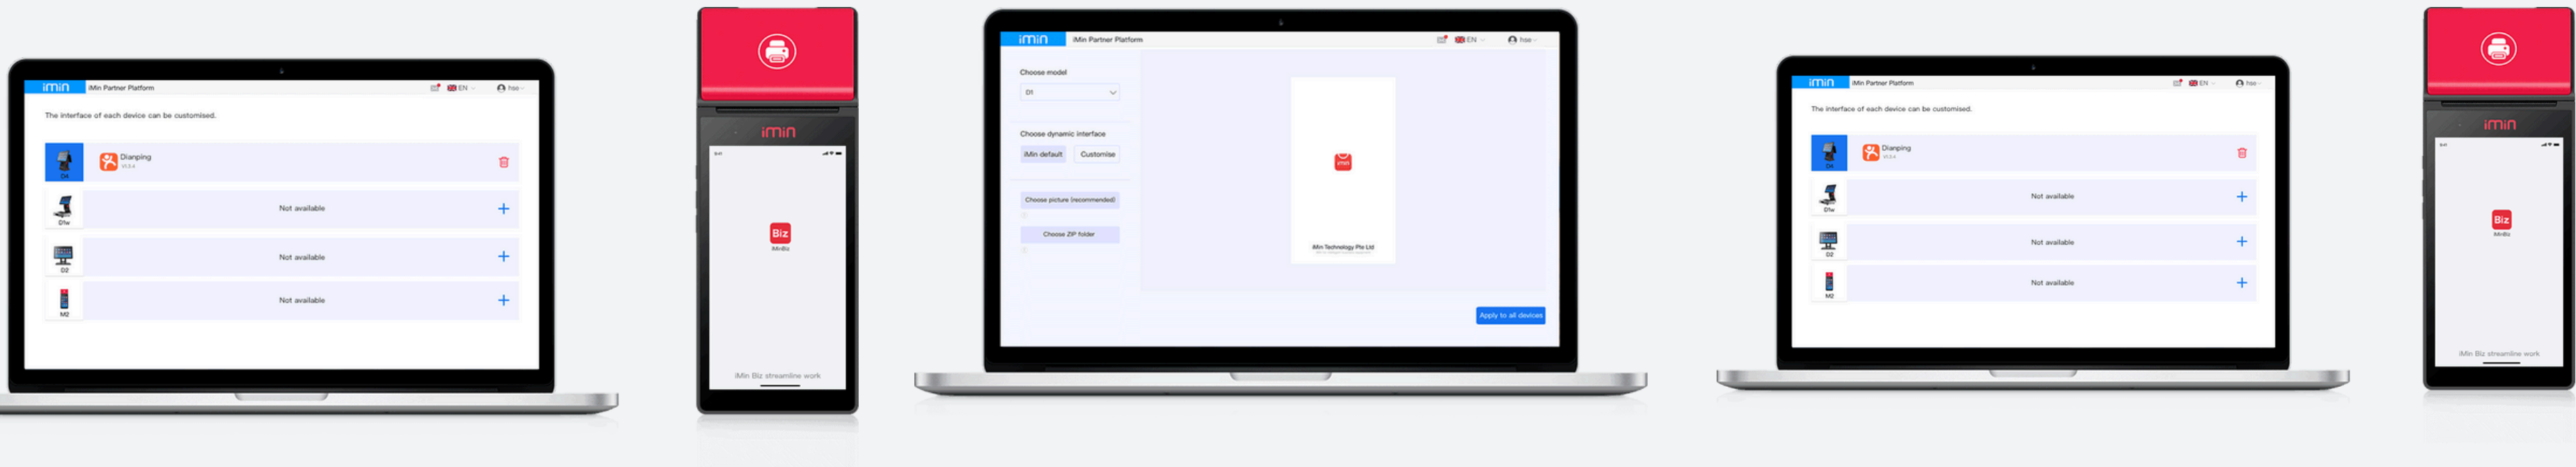

**E&OE – Specifications subject to change.*

IMIN KIT

Utilise remote connectivity to access vital device details such as device information, serial number, memory usage, battery status, and lists of installed applications. Easily manage item switch statuses and more, all without the necessity of physically inspecting devices on-site.

Effortlessly troubleshoot issues with the aid of top-notch projection and voice services. Our remote support team is equipped to assist with hardware concerns, software installations, debugging, and various other technical challenges.

With iMin's partner platform, effortlessly tailor your devices to showcase your brand identity and preferred settings.
